1. The amendment filed on December 23, 2003 has been entered. Accordingly, claims 3 and 8 have been cancelled.

Allowable Subject Matter

2. Claims 1,2,4-7 and 9-16 are allowed.

The prior art of record, including Corcorran et al. (US Patent No.: 6,305,816 B1) and Soorus et al. (US Patent No.: 5,806,967), does not show or suggest the applicant's invention as claimed. Specifically, the prior art of record does not disclose proper motivation for a light fixture combining:

- the first and second supports each including a peripheral flange having a positive structural stop limiting its placement into the housing of the fixture as recited in Claim 1;
- abutting of the peripheral flange of each support and the peripheral edge of the elongated housing as recited in Claim 1; and
- each of the first and second supports including a connector recess housing a first electric plug with its connection terminals facing outwardly of the housing for connection with a power source as recited in Claim 11.

Art Unit: 2875

The above-indicated combination, including the limiting mechanism and an electric plug having its connection terminals facing outwardly of the housing, makes this invention unique,

Corcorran et al. ('816 B1) discloses a linear light fixture including first and second supports each having peripheral surface. However, the peripheral surface does not have positive structural stop limiting its placement into the housing.

Neither combined nor individual teaching of Corcorran et al. ('816 B1) and Soorus et al. ('967) teaches a support including a connector recess housing a first electric plug having its connection terminals facing outwardly of the housing.

Therefore Claims 1 and 11 are allowed over prior art.

Claims 2, 4, 5-7, 9, 10 are necessarily objected because of their dependency on the objected base Claim 1.

Claims 12-16 are necessarily would be allowable because of their dependency on the allowed base Claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2875
